Tüm enerjimiz sizin için

Değerli Müşterilerimiz;

HALKA Alüminyum bilgi birikimi ile Ümraniye - İstanbul'da 2000 m² kapalı alanda Alüminyum profil, Ayna ve Cam çeşitleri ile siparişlerinize kısa sürede cevap vermekteyiz.

Geçmiş birikimlerini, günün teknolojilerini kullanarak büyük ölçekli projeleri ve uygulamaları gerçekleştirmiştir.

Üretimde kusursuz hizmet akışını sağlamak için yenilikleri sürekli takip ederek uygulamaktadır. Sizlerden aldığı güçle yine sizlere yeni tasarımları ile alternatif ürün çeşitleri sunabilmek için üretimini kararlılık ve yeniliklerle sürdürmektedir.

Üretimde başarı ve sürekliliğin teminatı hizmette dürüstlük ve kalitedir. Kalitede benimsediğimiz toplam kalite anlayışımızın unsurları arasında muhtemel hataları önleyicilik, tam katılımcılık, personelin düzenli ve sürekli eğitimi, tedarikçilerle işbirliği, müşteri memnuniyeti ve çevreye saygı bulunmaktadır. Standartlara uygun şekilde yeniden yapılanma ve yatırımlara hız verme aşamasındaki HALKA Alüminyum'a gösterdiğiniz yakın ilgi ve desteğinizden ötürü teşekkür eder, sizlere bugünkü gibi gelecekte de hizmet vermekten memnuniyet duyacağımızı ifade etmek isteriz.

Dear Customer;

With the knowledge of HALKA Aluminum, we respond to your orders in a short time with Aluminum profile, Mirror and Glass types in a closed area of 2000 m2 in Ümraniye - Istanbul - TR

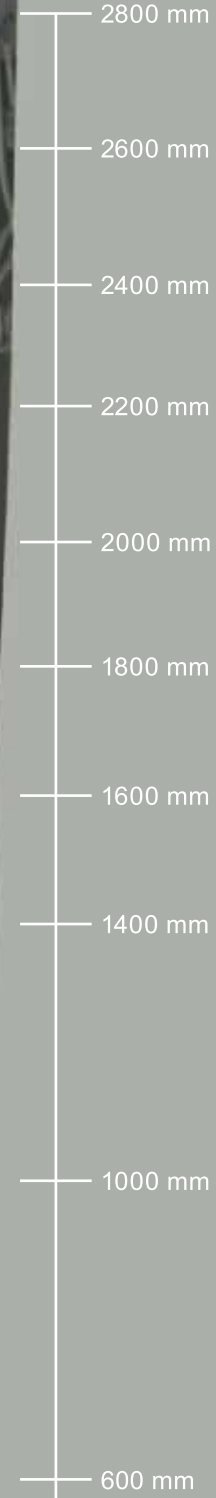

Large-scale projects and applications have been carried out using the past knowledge and today's technologies.

Combines and uses past experiences and today's technology in large scaled projects and applications. In order to provide faultless service flow we follow innovations and put them into action. We resume fabrication with determination and innovations so that we can offer alternative product types with new design, with the power gained from you as customers.

Warranty of success and sustainability in fabrication is honesty and quality in service. Elements of our adopted total quality manner are prevention of possible errors, complete inheritance, regular and constant training of personnel, cooperation with suppliers, customer satisfaction and environmental impact. Due to your close interest and support to HALKA Aluminium as in the phase of reconstruction and fastening investments properly to standards, we would like to thank you and state that we will be glad to serve you in the future as we supply at the moment.

Hayata Tat Katan Anlar...

Özellikleri :

- Dıştan çalışan sürgü Sistemi
- Uygulama alanı : Alüminyum kapaklar
- Taşıma kapasitesi : Kapak başına 50 - 100 kg
- Açılırken ve kapanırken frenleme
- Otomatik fren kurulumu
- Uzun ömürlü fren sistemi
- Kapağın çıkmasını önleyen ayarlı fren sistemi
- Sesiz çalışır

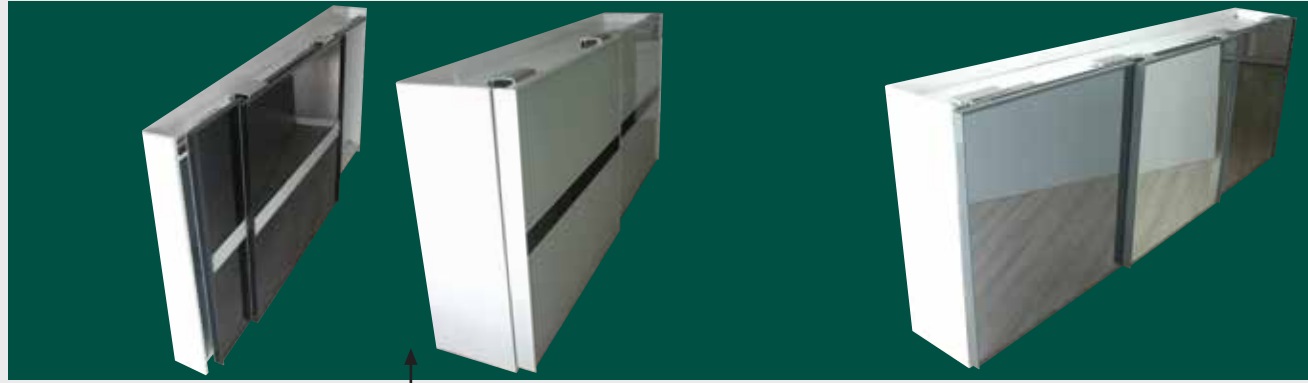

Features :

- Externally operating sliding system
- Scope of application: Aluminum Covers
- Payload: 50 - 100 kg per cover
- Braking when opening and closing
- Automatic brake installation
- Long-lasting braking system
- Adjustable brake system that prevents the cover from coming off
- Works quietly

TEKNİK DETAYLAR

- Malzeme : Zamak
- Yüzey Görünüm : Antrasit
- Montaj : Vidalanarak montaj
- Kendinden basınçlı hava sistemi ile çalışır.
- Dolap kabinin alt ve üst paneline monte edilir.
- Min. 18mm kalınlığında ahşap ve alüminyum
- Çerçevesiz kapaklarda kullanılır.
- Mak. kapak ağırlığı 20kg'dir.
- Mak. kapak yüksekliği 2100mm
- Mak. Kapak genişliği 600mm
- Metal kanal derinliği 16.5mm
- Alüminyum profil kalınlığı 2,5mm
- Mak. Kapak açılım 105°'dir
- Kapak üzerindeki delme mesafesi 3~6mm arasındadır.
- Alüminyum kapaklar için sabit 4mm'dir.

TECHNICAL DETAILS

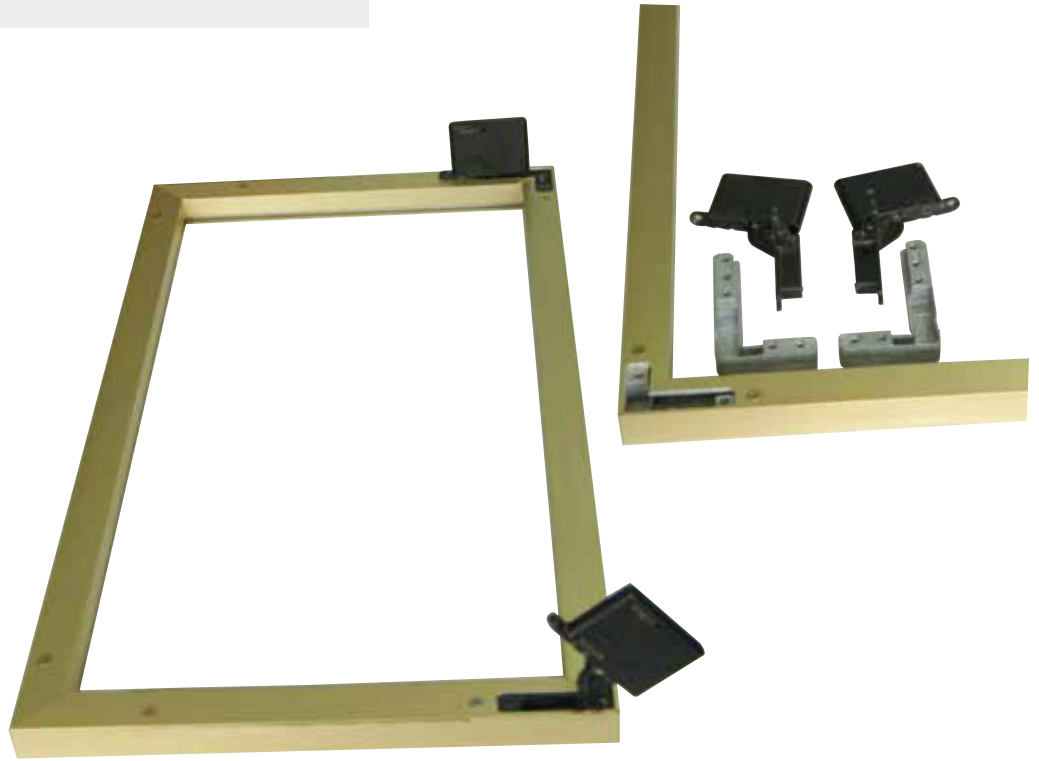

- Material, Zamak
- Surface Appearance : Anthracite
- Installation : Screwed installation
- Works with self compressed air system.
- It is mounted on the lower and upper panel of the cabinet.
- min. It is used in 18mm thick wooden and aluminum framed covers.
- Max. Cover weight is 20kg.
- Max. Cover height 2100mm,
- Max. Cover width 600mm,
- Metal channel depth 16.5mm
- Aluminum profile thickness 2,5mm,
- Max. Cover opening is 105°.
- The drilling distance on the cover is between 3~6mm.
- Fixed 4mm for aluminum covers.
